L. SUMMARY OF POTENTIAL OR KNOWN PROBLEM Complainant alleges National Supply dumped chemicals into her 6 acre lake and contaminated the water. She fears that in the event of heavy rainfall, the contents could go over the spillway and contaminate a wider area. The complainant said the initial discharge was in May 1981, and that she contacted the company regarding the matter. They promised to look into it and clean it up, but no action has ever been taken. However, the company took action on the part of the spill that took place on its own property. Complainant would like to be notified of the date of site inspection. Complainant: (b) (6)
